## **Macomb County Treasurer announces new public office hours**

Effective May 1, 2016, the Macomb County Treasurer's Office will change its hours to better accommodate the public.

Currently the office is open daily from 8:30 a.m. to 5 p.m. However, many other county departments run on an 8 a.m. to 4:30 p.m. schedule. Since many individuals come to county offices before work to use multiple services, the Treasurer's Office often sees a lineup of people waiting to make tax payments or seek tax certifications before the office is open. By aligning itself with other offices, Macomb County Treasurer Derek Miller hopes to help citizens better access the services of his office without a long wait or unneeded delay.

In addition, the Treasurer's Office will also begin offering evening hours every Wednesday until 7 p.m.

"Our office is here to help serve the public," said Treasurer Miller. "People should not have to take a day off of work to pay their taxes."

This change in office hours fits into Miller's larger goal of modernizing the Treasurer's Office. Through increased use of technology and innovation, Miller hopes to improve customer service, reduce the number of tax foreclosures and maintain the office's stellar reputation for protecting Macomb County's finances. Other innovations include the Treasurer's "Keep Macomb Your Home Campaign" as well as his joint anti-fraud campaign with Macomb County Clerk Carmella Sabaugh.

"Great trust was placed in me when I was appointed Macomb County treasurer," explained Miller. "I am honored by that trust and determined to work every day to improve the lives of Macomb County citizens."
